

**Blaine School District  
Notification of Procedure for Release of Directory Information and/or Posting  
Of Information To District/School Websites**

September 10, 2009

Dear Parent or Guardian,

Federal law allows a school district to identify certain items as “directory information”, which may be publicly released without permission of parents/guardians. The Blaine School District identifies this information as the following: name, address, listed telephone number(s), date and place of birth, major field of study, photograph or video image, participation in officially recognized activities and /or sports, weight/height of members of athletic teams, dates of attendance, awards received, most recent previous school attended, or other similar information that would not generally be considered harmful or an invasion of privacy if disclosed. This information may be released to the media, colleges and universities, the military, or any party with a similar level of interest, unless a form is filed with the Blaine School District, by the parent or guardian, that restricts the release of this information.

If you do not wish to have “directory information” released upon the request of third party, please complete this form and return to the school office. A separate form will need to be completed for each school in which you have one or more students attending.
